

# Menhir Customizable

MEN60

The Menhir universal pedestal is the perfect support for mounting industry leading level 2 EV charging stations. It is available in 60" height and designed to support one EV charging unit. The Menhir enables contractors to convert their customer's parking spaces into charging places.

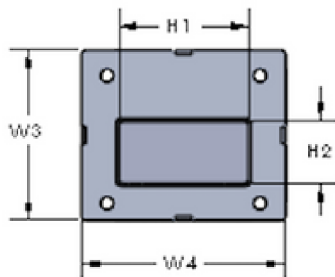

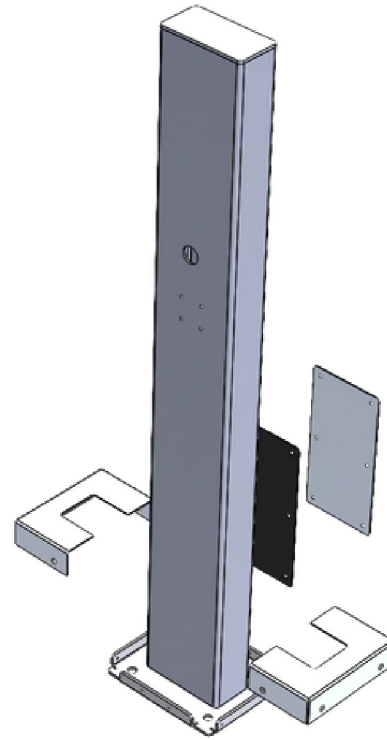

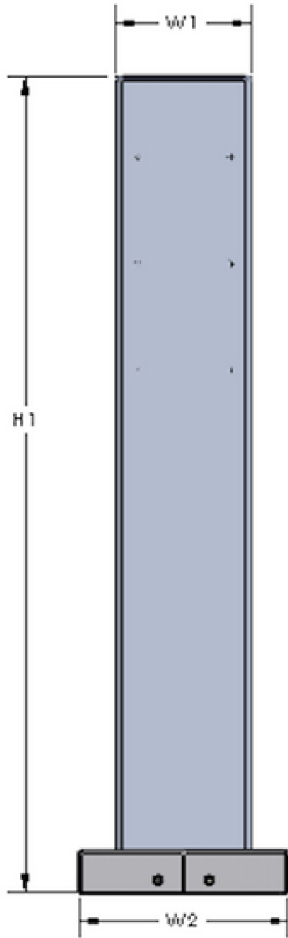

## FEATURES

- Compliant with the Disabilities Act recommended charger connect height of less than 60" and greater than 24"
- Constructed from heavy gauge sheet metal (18g, 14g & 11g) and plate metal (1/4" & 1/8") either aluminium or steel.
- 8" x 4" post allows not only a range of Level 2 EV charging units to be mounted but offers branding real estate
- Security bolts are used to prevent tampering and unauthorized access
- Back panel is removable for easy access for servicing
- Hi-grade powder coating as standard  
Available in four colours but not limited to:

## SIGNAGE PACKAGE OPTIONS INCLUDE

- Premium outdoor rated vinyl on all surfaces
- Stand-off panelling with QR codes
- Illuminated custom shaped signage
- Customizable artwork
